

COURT READY TO TRY 4,000 UNDER DRY LAW
NEW YORK, June 8.—An extraordinary term of the supreme court to deal exclusively with cases growing out of the new State prohibition enforcement law was convened yesterday and a special grand jury sworn. Almost 4,000 cases await its action. The first trial will be held tomorrow. Each juror selected told the examiner he would have no hesitancy in indicting male or female home brewers, and would indict persons unlawfully possessing a flask of whiskey.

Child Labor Case Off.
The test case brought by the Athon Mills of North Carolina to test the constitutionality of the child labor law was deferred yesterday for re-argument before the Supreme Court of the United States at the fall term.

MEN HIGHER UP TO BE CALLED TODAY IN SENATE PROBES
Ford's Charges Against Newberry Expenditures and N. C. Negro Dispute Will Be Aired.

International News Service.
Coincident with today's meeting of the Republican National Committee, the Senate found itself with two political investigations directly involving men high in Republican councils. A sub-committee of the Senate Privileges and Elections Committee tackled the Ford-Newberry election contest again. One of the Senate Judiciary Committee heard objections raised by negro Republicans of North Carolina to the nomination of Frank A. Linney, Republican State Chairman, as United States District Attorney of the Western Federal district of that State.

Charges by Henry Ford, millionaire automobile manufacturer of Detroit, that large sums were employed corruptly in the election of Senator Truman H. Newberry, Republican of Michigan, were to be thoroughly ventilated, Senator Spencer, Republican of Missouri, chairman of the sub-committee in charge of the Ford-Newberry Senatorial probe, indicated. A long list of witnesses to appear before the sub-committee today, tomorrow, Friday and Saturday was made public. A large delegation of North Carolina negroes is due to appear in opposition to Linney's confirmation by the Senate when the sub-committee gets his case under way. Both investigations are scheduled to start at 2:30 o'clock this afternoon.

GIRL, PINNED UNDER AUTO, DROWNS AS SPEEDSTER FLEES
Father's Attempts at Rescue After Md. Accident Futile. Aid Comes Too Late.

CUMBERLAND, Md., June 8.
Thelma Craig, seventeen, was drowned in a ditch along the National Pike, near Somerfield, eighteen miles west of Grantsville and forty-three miles west of the city, while pinned under an overturned car. Her father, W. E. Craig, Washington Court House, Ohio, was unable to help her.

Had the unidentified driver of a big speeding touring car that had forced them off the road stopped and given assistance the girl doubtless would have been saved.

The Craigs were driving east to reach Addison for the night. They were en route to Philadelphia on a motor trip promised by Mr. Craig to his daughter for graduating from high school this year with honors.

The Craig car was forced off the road and struck a glancing blow by the big touring coming west at great speed up the hill. The smash shot the Ohio car into the ditch, turning it over, wrecking the car completely and pinning Mr. Craig and his daughter underneath.

Mr. Craig and his daughter struggled under the car in the ditch filled with water from a recent rainstorm. Neither could move. "Father, help me! I'm drowning!" moaned the girl as she found herself held fast in the rushing water, which was lapping over her face. The frenzied efforts of the father failed to move the wreckage, while his daughter struggled. She was dead when the occupants of the next car came and lifted the wreckage.

Mr. Craig was but slightly injured. The body of the girl was sent to Ohio.

Bright Days
Invite your camera. After you have spent a pleasant day out of doors taking pictures you will want to be sure they are properly handled in the finishing. It is so discouraging to have "messy," faint prints as a result of careless developing and printing. Don't take chances, bring US your negatives and we will give you the best prints you have ever had—in one day, too, if you like.

COLORED G. O. P. BLOCKS N. C. MAN'S CONFIRMATION
An investigation of the objection by negro Republicans of North Carolina to the nomination of Frank A. Linney as United States District Attorney for the western district of that state was ordered by the Senate Judiciary committee yesterday.

A sub-committee was authorized to conduct the investigation, which was requested by Senators Johnson, of California, and Borah, of Idaho, Republicans.

Linney is an associate in North Carolina Republican politics of Internal Revenue Commissioner Blair, whose nomination Johnson succeeded in holding up for a month. Hearings will start tomorrow at 2:30 o'clock.

2 ALLEGED DYNAMITERS DEPORTED BY MEXICO
MEXICO CITY, June 8.—The two alleged anarchists who were arrested here on the request of American detectives who said the men were wanted for dynamiting the home of a banker in Cleveland, Ohio, were sent to Vera Cruz yesterday for deportation. They were given their choice of any steamer to leave the country.

The United States Government asked for extradition of the men but the request was refused as diplomatic relations between the countries are non-existent. When arrested, the men gave the names of Charles Calette and Benjamin Cranio, and said they were French. Later they said they were Italians and that their names were Domenech and Coletto.

Clothing Probe Starts Thursday
Investigation of the clothing industry by the Senate Education and Labor Committee will start on Thursday. Sidney Hillman of the Amalgamated Clothing Workers Union will be the first witness.

"Anti-Trust Case Back.
The United States Shoe Machinery Company "anti-trust" case was restored to the docket in the Supreme Court of the United States yesterday, and reargument was ordered for the fall term.
